

STEPHANIE DOMINGUEZ

State President

As a junior from East Career and Technical Academy, Stephanie Dominguez is ecstatic to serve as the Nevada FCCLA State President. Entering her third year as a member, Stephanie has placed at Nationals her Freshman and Sophomore year. Through being a member of FCCLA, she has gained the confidence and experience to be able to present herself in her best manner at all times. She is grateful for all the opportunities this organization has given her.

Stephanie is also involved in other extracurricular activities; she is an Ambassador for her school, a member of Environmental Club, American Red Cross, National Honor Society, and of course, FCCLA. When she's not busy volunteering at a local elementary school or studying for her next exam, she spends her free time going to the park with her dogs, binge watching shows, and spending time with her family and friends. Stephanie is delighted to be able to work closely with this year's state officer team to accomplish a new legacy. She looks forward to a spectacular year to come and to accomplish many great things.
