# ABOUT NEVADA FCCLA

Nevada Family, Career and Community Leaders of America promotes personal growth and leadership development through Family and Consumer Sciences education.

## **Developing the next generation of Nevada's workforce**

Family, Career and Community Leaders of America (FCCLA) is a national Career and Technical Student Organization (CTSO) for students, grades 9 - 12, in Family and Consumer Sciences (FCS) education in public and private schools. FCCLA offers intra-curricular resources and opportunities for students to pursue careers that support families. Since 1945, FCCLA members have been making a difference in their families, careers, and communities by addressing important personal, work, and societal issues through Family and Consumer Sciences education.

Today, Nevada FCCLA has 1,200 members across the state, ranging from Reno, to Elko, to Las Vegas. The work of FCCLA helps students and teachers focus on a variety of youth concerns, including parenting, family relationships, substance abuse, peer pressure, sustainability, nutrition and fitness, teen violence, and career preparation in four specific Career Pathways. Involvement in FCCLA offers members the opportunity to expand their leadership potential and develop skills for life—planning, goal setting, problem solving, decision making, and interpersonal communication—necessary in the home and workplace.
